

Carroll County Solid Waste Event Recycling Stand Loan Program

- Event Stands are provided free of charge for community, business & non-profit events.
- Event Stands are reserved by filling out our Event Contract and are secured by a \$50.00 deposit. This deposit is fully refundable provided stands are cared for and returned clean to the Recycling Center.
- Event Stands will be set up by the borrower according to assembly guidelines and used for the sole purpose of collecting recyclable materials.
- Event Stands shall be returned within 48 hours of the event's end date, unless previous arrangements have been made with Carroll County Solid Waste Staff.
- In the event the borrower returns the event stands uncleaned, broken or damaged, or with missing parts, the borrower will forfeit their deposit and may also incur additional replacement costs if applicable.
- Borrower may keep any proceeds from materials with redemption value.

Event Stand Assembly Instructions

1. Set up stand with round slots up
2. Pull bag through slot and fold edge back over frame. Repeat with other side
3. Tug on center edges of bag between frame to secure.
4. Place blue lid over frame.
5. The stand is ready for recycling!

Tips for Event Recycling Success

- ⇒ Place recycling stand close or beside your garbage receptacles. When given only one choice, all materials will be thrown into the one container. When containers are placed side by side, event guests will place appropriate materials in appropriate containers.
- ⇒ Make sure recycling stands and garbage receptacles are highly visible, place in high traffic areas.
- ⇒ Use clear bags for recycling. Black bags for garbage.
- ⇒ Use the buddy system to empty and rebag event stands.
- ⇒ Check with event garbage and recycling service provider for proper dumpster site placement. If none provided, bring bags of recycling to the Carroll County Recycling Center when returning event stands.
